

TODOS: Mathematics for All

Sponsorship Guidelines for TODOS 2023 Biennial Conference

Actions in Mathematics Education: Catalyzing, Cultivating and Expanding Critical Transformations

June 21-23, 2023 Albuquerque, NM

What is TODOS?

TODOS: Mathematics for ALL is a professional organization that advocates for Equity and excellence in mathematics education for ALL students - in particular, Latina/o students. Founded in 2003 and with over 950 members from across the country and internationally, TODOS Members know that Equity and Excellence in Mathematics Matter! We promote Social Justice in Mathematics education and provide high quality resources to help reach our mission and goals.

Mission

The mission of TODOS: Mathematics for ALL is to advocate for equity and high quality mathematics for all students – in particular, Latina/o students.

Goals define the activities and products of TODOS: Mathematics for ALL:

1. To advance educators' knowledge and ability that lead to implementing an equitable, rigorous, and coherent mathematics program that incorporates the role language and culture play in teaching and learning mathematics.
2. To develop and support educational leaders who continue to carry out the mission of TODOS.
3. To generate and disseminate knowledge about equitable and high quality mathematics education.
4. To inform the public and influence educational policies in ways that enable students to become mathematically proficient in order to enhance college and career readiness.
5. To inform families about educational policies and learning strategies that will enable their children to become mathematically proficient.

Sponsorship Opportunities

There are many opportunities to sponsor important elements of our 2023 Conference in Albuquerque, NM. Your generous donations can be allocated to the activities identified below. Based on the donation level (A, B, C), your support will be recognized by TODOS during the conference and through our online communications. More details can be found below.

A [\$3,500, ∞)	B [\$1,000 - \$3,500)	C (0, \$1,000)
